### Media Release

#### **Seafarms Group Limited (ASX: SFG) subsidiary, Seafarm Queensland Pty Ltd, awarded Prawn Farming Sustainability Program Award.**

Seafarms Group Limited (Seafarms) is pleased to advise that its subsidiary, Seafarms Queensland Pty Ltd, was presented with the Prawn Farming Sustainability Program Award at the 2016 Australian Prawn and Barramundi Farmers Symposium, held in Townsville recently.

Dallas Donovan, Seafarms' Chief Operation Officer, states "The Prawn Farming Sustainability Program Award provides recognition by the industry of Seafarms ongoing efforts in sustainable prawn production".

This year's theme for the Symposium was "Australian Farmed Prawns & Barramundi the Sustainable protein option". According to the Symposium's program, sustainability means farming in Australia where we are regulated to be environmentally responsible, adhere to statutory employment conditions and are managed by a plethora of regulations and policies. Farmed prawns are identified as a better seafood choice due to their sustainability.

Seafarms was nominated by a third party for this award, which provides recognition by the industry of Seafarms efforts specifically in prawn domestication research, production improvements and ongoing development of the Crystal Bay Prawns brand.

Dallas Donovan said, 'It is pleasing to see peer endorsement of the company's strategy as we continue to pursue our growth path through Project Sea Dragon in Northern Australia.

Yours faithfully
